I hope Frazier isn't sending this to us and expecting us to give them the money.

I just verified with Joe Ball (DNR UIC manager) that the amount already spent to date with Shaw Environmental (araound \$2 million) is included in the \$3.3 million itemized below. Those funds already expended are not in the state budget and as Joe put it, "on credit" to Shaw Environmental.

We seek federal funding assistance to address the ongoing events related to a sinkhole formation in the vicinity of the Bayou Corne community and the Napoleonville salt dome. Funds are needed to defray expenses for professional project management, assessment of the ground water aquifer impact, installation of vent wells for remediation, etc. The table below is a summary of funds requested. Please inform us if additional information is needed.

Professional (Shaw)	
Program Management	\$ 572,215
